

# STEM Fluency

Grades 2-5

**PAPER**

FALL 2024

Learn how to use **Teacher Assign** for [Live Help Sessions](#), [Writing Reviews](#) and [Paper Reading](#).

## DIRECTIONS

**Monday:** Use the link on the calendar to watch a *Paper Video* from the “Agents of S.T.E.M: Escape lab” series as a class.

**Tuesday:** Assign a *Tutoring Session* to your students, attaching the [Agents of S.T.E.M worksheet](#). This activity will refer to the content from the video watched yesterday.

**Wednesday:** Assign a *Paper Reading* activity to your students using the link on the calendar.

**Thursday:** Assign a *Writing Review* to your students using the prompt on the calendar.

**Friday:** Choose a *Math Mission* topic relevant to the content being taught in class. Instruct students to complete all tasks in that mission, working with a *Live Help* tutor if they get stuck. Provide the [Mission Tracker worksheet](#) for them to fill out as they work.

	MON	TUE	WED	THU	FRI
WEEK 1	<a href="#">Candy Construction</a>	<i>Tutoring Session:</i> Complete the provided <a href="#">worksheet</a>	<i>Paper Reading:</i> <a href="#">What's the Matter with the Three Little Pigs (Part 1)</a>	<i>Writing Review Prompt:</i> Provide an example of a solid, liquid, and gas, explain the properties that classify them as that type of matter.	<i>Paper Missions</i>
