- Work through tricky lessons and concepts.
- Prepare for tests.
- Get study tips and skills.
- Learn about a new subject with PaperLive: our engaging after-school programming.

About Paper's tutors

From English to STEM, Paper's tutors help every student in exactly the way they need. Our exceptional tutors are carefully selected, rigorously trained employees—not contractors. Tutors can also support students who speak Spanish, Mandarin, French and Korean.

Additionally, Paper's tutor managers are trained in SafeTALK and can identify students in need of intervention. Rest assured that your students' safety is in good hands.
