

Once in a live chat session, students can:

- 1 Share files and images by selecting [Send File](#)
- 2 Collaborate with a tutor on a shared whiteboard by clicking [Draw](#) in the lower right corner of the chat session
- 3 Bookmark key learning moments to review later by clicking the [bookmark icon](#) next to each chat bubble

Students can end the session at any time by clicking [End Session](#) in the top right.

The screenshot displays the PAPER live chat interface. At the top, there are navigation tabs for 'Dashboard', 'Chat', and 'Review Center'. The user's name 'Maddie Criscione' and language 'English' are shown in the top right. The chat window shows a conversation with 'Juan Sebastian' about the equation $3x - 20 = 60$. The chat bubbles include: 'Hi Maddie! How are you doing?', 'Hi! Great, thank you. Could you please help me with $3x - 20 = 60$ ', 'Sure!', 'The objective of the equation is to isolate x', 'What do we do first to leave x alone in one side of the equation?', and 'That makes sense! Let me see'. A search bar and an 'End Session' button are located at the top of the chat area. On the right, a whiteboard titled 'Clear Whiteboard' shows the handwritten equation $3x - 20 + 20$. At the bottom of the chat area, there are buttons for 'Send file' and 'Draw', both highlighted with red boxes. A 'Support' button is visible on the right edge of the interface.
