

**PAPER**

# Unlock student potential with 24/7 learning support

Paper is your personalized learning companion, guiding students from K-12 with a suite of academic support tools, independent practice resources, and career & college readiness (CCR) support.

The award-winning platform is there whenever students need practice, help, or guidance. Enhancing classroom instruction, it enables teachers to provide individualized learning opportunities both in and out of the classroom. Plus, it gives educators comprehensive insights into student progress with session transcripts, tutor comments, and detailed data on when students seek help.

## Academic support 24/7

### Live Help

Get instant, on-demand tutoring from expert tutors across all grades and subjects—available in multiple languages.

### Review Center

Receive constructive feedback on any typed writing, including essays, lab reports, short-answer questions, college application essays, and more.

## Interactive, independent practice

### Paper Missions

Engage in math and vocabulary practice designed to build foundational knowledge and confidence.

### Paper Reading

Improve reading skills with an interactive tool that listens to students read aloud and provides immediate, data-driven feedback.

## Exploration and guidance for career and college readiness

### MajorClarity by Paper

Access academic planning, career and college readiness tools, work-based learning opportunities, and micro-credentials.
