- Grammar, structure & style review
- Submit any written work
- Unlimited submissions

3

### Study support

- Understand tough concepts
- Prepare for exams
- Get study tips and skills

24/7

## About Paper's Tutors

From elementary English to AP physics, Paper's tutors help every student in exactly the way they need. Tutors speak English, Spanish, Mandarin and French. Each exceptional specialist is a carefully selected, rigorously trained employee-not a contractor. Tutor managers are trained in SafeTalk and can identify at-risk students.

Email [support@paper.co](mailto:support@paper.co) with questions or concerns

Log in at: [app.paper.co](https://app.paper.co)

# Login Instructions

Paper has a custom login page for each school that displays the login method students should follow to access their Paper accounts. Students are required to use the email address or username associated with their Paper account to log in. In most cases, this is their school email address.

## Here's how students log in:

- 1 Visit Paper's [student login page](#).
- 2 Search for their school or sports team.
- 3 Students will see the school login method.
- 4 Depending on the login method, follow one of the following login instructions:
  - Login with Google
  - Login with Classlink
  - Login with Clever
  - Login with school email and unique password from the welcome email.

For further assistance, contact us at [support@paper.co](mailto:support@paper.co)

Students may also login directly from their Classlink portal or Clever dashboard by clicking the Paper app icon.

# Paper Tutoring for Test Prep (6-8)

Paper tutors help students build confidence before assessments. Whether it's reviewing key concepts for a unit test or practicing skills in preparation for a state exam, our tutors are happy to assist. Here are specific ways that students can prepare for assessments and deepen foundational knowledge across content areas with a Paper tutor.

## One-on-one Tutoring

- Upload or take a screenshot of notes to work through practice questions together
- Practice decoding multi-step math word problems on the virtual whiteboard
- Collaborate on response to reading questions for reading passages
- Get support annotating texts
- Interpret text features such as images, captions, maps, and graphs
- Brainstorm and outline written responses based on a prompt
- Practice comparing and contrasting themes, topics, and view points within a text
- Get subject-specific study tips and test-taking strategies

## Essay Review

- Submit practice essays with writing prompts and rubrics for all genres, for example:
  - Expository essays
  - Argumentative essays
  - Comparative essays
- Pinpoint areas that need improvement including, but not limited to:
  - Overall purpose and focus
  - Citing sources
  - Elaboration of evidence
  - Organization
  - Language usage and convention

# Teacher Exam Review Reflection Activity

Complete the template on the following page by filling out what topics and skills will be covered on your upcoming test. Next, share the document with students to reference as they begin their exam review process with a Paper tutor by using the testing calendar student activity.

## Extension Activities

Feel free to use these supplementary activities with students to guide their studying even further.

### [Reteach Moment](#)

A worksheet that students can complete with a tutor to work on a challenging topic.

### [Tutoring Log](#)

A reflection sheet that students can complete after their tutoring session.

### [Humanities Review Activity](#)

An activity where students can choose questions to work on with a live tutor.

### [Exam Prep Game: Math](#)

Group review game where students can use the assistance of a tutor if they get stuck.

### [Exam Prep Game: Science](#)

Group review game where students can use the assistance of a tutor if they get stuck.

# Exam Review Checklist

## Topics that will be covered on the exam

# Planning Study Time (Grade 6-8)

To set yourself up for success on your upcoming tests, make a plan to build Paper into your study routine. For example, meet Kyle:

Kyle is currently at the end of his 7th grade year and has decided to use Paper for support as he studies for his final exams. Here is Kyle's plan for the final month of school.

- 1** Reflection: Kyle completed a reflection activity and reviewed past assignments to identify the skills and subjects he needs to improve for success on his upcoming tests.
- 2** Then, Kyle planned to complete his calendar and use Paper for support while studying these topics and skills.
- 3** Kyle identified the following subjects and topics to study and practice for his tests:
  - Expository essay elements
  - Persuasive essay elements - Writing strong arguments and citations
  - Math - Fractions and mixed numbers, ratio and rates, percentage
  - Science - Energy resources, photosynthesis, weather and climate

# Kyle's Study Plan

	Monday	Tuesday	Wednesday	Thursday	Friday
Week 1	Reflection activity		<b>ELA:</b> Draft expository essay	<b>ELA:</b> Submit to Essay Review  <b>Math:</b> One-on-one tutoring session (fractions and mixed number questions)	<b>ELA:</b> Review tutor's feedback and edit essay
Week 2	<b>Science:</b> One-on-one tutoring session (photosynthesis worksheet)		<b>Science:</b> Draft essay on energy resources Submit to Essay Review	<b>Math:</b> One-on-one tutoring session (ratio questions)	<b>Science:</b> Review tutor's feedback on energy resources essay
Week 3	<b>Math:</b> One-on-one tutoring session (percentages, fractions, and decimal questions)	<b>ELA:</b> Submit second draft of expository essay		<b>Science:</b> One-on-one tutoring session (causes of climate change essay outline)	<b>Science:</b> Submit climate change essay to Essay Review
Week 4	Review mock exams results	<b>Math:</b> One-on-one tutoring session to check understanding of questions answered incorrectly		<b>Science:</b> One-on-one tutoring session to check understanding of questions answered incorrectly	<b>Math &amp; Science:</b> Create flashcards for important concepts

# Instructions

## Get prepared for your final exams like Kyle!

Use the calendar below to get organized and prepared for your upcoming exams. For help organizing your calendar, refer back to Kyle's example.

- Start by completing the Reflection activity provided by your teacher. It will help you make a list of concepts to focus on during studying.
  - When reviewing past assignments, focus on challenging concepts that need clarification.
- Once you have completed the Reflection activity, use the scripted questions to start one-on-one tutoring sessions for each of the subjects you need help with.
- Remember, you can also use one-on-one tutoring sessions to work on essay outlines and get support with developing ideas!
- Be sure to practice for your in-class essay finals if applicable! You can submit writing practice as well as essays for midterm or final assignments to Essay Review.

	Monday	Tuesday	Wednesday	Thursday	Friday

# Don't cram, create a study plan!

## Free 24/7, 1:1 academic support for students!

Parents and guardians, do you and your student(s) get frustrated trying to complete homework that covers topics you haven't seen in ages? Could your student(s) use extra help building foundational skills in literacy, math, social studies, science, and/or their electives? Good news- your district has Paper, which means your student(s) have FREE, unlimited tutoring access for any subject, any time day or night, from wherever they are. That means, preparing for their next test or challenging assignment just got a lot easier!

## Are your students preparing for upcoming tests? Encourage them to use Paper!

Support your students' success in their upcoming state test by creating a study plan with Paper tutors! Leading up to the test, have your student(s) plan out when they will work with Paper tutors using the following tips:

- Identify concepts/skills your student(s) struggled with this year and create a list of questions they can ask a tutor during a Live Help session.
- Spend time working through practice tests to build testing confidence and stamina; review incorrect answers with a tutor during a Live Help session.
- Strengthen your child's essay and free-response writing skills by having them submit any practice writing assignments to Essay Review; together, discuss how they will incorporate the tutor's feedback into their writing.

## Remind your student(s) of these testing secrets to success:

Leading up to the test, regularly discuss the following test taking strategies with your student(s):

- Promote having a positive testing mindset by envisioning success on test day
- Read all directions and passage introductions carefully
- Answer the easiest questions first
- Eliminate the obviously wrong choices
- Double-check your answers if you finish early

# PAPER

Paper partners with school districts to deliver 1:1 tutoring that is equitable, scalable, and cost-effective. Students get unlimited 24/7 live help and writing feedback, teachers get insights to tackle individual learning gaps, and administrators get actionable data to inform strategic decisions. Paper's multilingual tutors add an extra layer of support across all content areas and grade levels, in and out of the classroom—so students always have access to expert help exactly when, where, and how they need it.
