Part 2

Directions: using your graphic organizer, write 3-5 paragraphs explaining which of the two careers you researched would be the best fit for you and why. Be sure to include evidence from your research that supports your decision. For the final paragraph of your response, explain 2-3 steps you can take in high school that will help you to work towards acquiring skills and attributes for this career.

Part 3

Once you've drafted your response, complete the following:

1. Type your response and save it as a PDF or google document.
2. Login to Paper and upload your graphic organizer and response to Essay Review for feedback ([click here for instructions on how to use Essay Review](#)).
3. Review the revisions your Paper tutor suggested and make your edits.
4. Share your response with your friends and family to begin discussing your post-secondary interests and ways you can start working towards your goals as you continue through high school!
