

Give every student an equal opportunity to excel academically

PAPER

As we approach the 2021-22 academic year, West40 is committed to serve the varied needs of our students, families, educators and schools.

West40 has partnered with Paper, a high-impact tutoring program, to provide free, comprehensive tutoring that can scale to serve our 92,000 students. The partnership aims to support our districts by facilitating access to standardized terms and opportunity for consortium pricing. Together, we want to help drive learning renewal and ongoing enrichment of the Illinois curriculum.

Finding Paper has been a game-changer. Not only do students have an easy way to access support, but it makes students learn how to do the work, not just get an answer. I feel incredibly lucky to work with Paper.

— Greg Wolcott, Assistant Superintendent for Teaching and Learning, Woodridge School District 68, IL

Paper provides support in both English and Spanish, so we're very excited about that. They have a wide range of subject areas, which I was very impressed by.

— Gina Ziccardi, Associate Superintendent for Student Learning, Community High School District 99, IL

How can Paper help my district?

→ **Trusted in Illinois** → **Evidence-based model** → **Scalable, equitable, cost-effective**

Research shows that tutoring is K-12's best bet for learning acceleration and renewal. But it's difficult to deliver tutoring as effectively, frequently, and widely as needed, and that's where high-impact tutoring comes in.

Paper is currently helping districts across Illinois implement evidence-based, high-impact tutoring—and overcome key challenges of cost, scale, and equity.

The [Illinois P-20 Council](#) and the [National Student Support Accelerator](#) list Paper as a high-impact tutoring program to drive learning renewal. Paper's award-winning model also aligns with [evidence-based criteria](#) outlined by researchers at Brown University, University of Chicago, and more as part of the EdResearch for Recovery Project.

Paper provides students with unlimited 24/7 homework help, writing feedback, and study support at a predictable fixed cost. Paper's exceptional, multilingual tutors are carefully selected and rigorously trained to deliver on demand, 1:1 academic support using a Socratic approach.
